

rcombinator::RandMaths
::sample_without_replacement

```
graph LR; A["rcombinator::RandMaths  
::sample_without_replacement"] --> B["rcombinator::RandMaths  
::rand_int"]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box has a light gray background and a black border, containing the text 'rcombinator::RandMaths' on the first line and '::sample_without_replacement' on the second line. The right box has a white background and a black border, containing the text 'rcombinator::RandMaths' on the first line and '::rand_int' on the second line. A dark blue arrow points from the right side of the left box to the left side of the right box.
