

```
rcombinator::RandMaths  
::sample_distinct_pair
```

```
graph LR; A["rcombinator::RandMaths  
::sample_distinct_pair"] --> B["rcombinator::RandMaths  
::rand_int"]
```

A diagram showing a call to `sample_distinct_pair` from the `rcombinator::RandMaths` namespace. A blue arrow points from this call to a call to `rand_int` from the same namespace.

```
rcombinator::RandMaths  
::rand_int
```
